Elden Ring is a fantasy action RPG developed by LEVEL-5 Inc. ABOUT LEVEL-5 Inc.: DIVE IN TO PLAY The leading independent game developer, LEVEL-5, strives to create immersive games that connect players with their adventures. #level5 #eldenring #playstation FOR MORE INFORMATION: Visit the official website: Facebook: Twitter: City midfielder David Silva is urging his team-mates to stay calm in the face of increased scrutiny after his European exploits have made him a target of some Arsenal fans. The Spanish playmaker, who won the last of his 47 caps for his country in March last year, helped City seal a 16th English title by scoring twice in the 5-2 success over West Ham on Sunday. That performance may have ended his hopes of playing in the European Championships but it is not being seen as the end of his career. "I am going to keep going," said Silva after the win. "I have my family and my friends to support me and I know that in football you have to carry on working all the time. When you finish a tournament you go home with a different haircut but you are still the same person." City have been at the centre of a storm since an investigation was launched into the club's finances following the Premier League's £290m takeover from Sheikh Mansour last May. Silva and City's coaching staff were among the chief targets of fans who accused them of stealing trophies and seeing the club as a cash cow. Manchester City defender Micah Richards (left) and midfielder Nigel de Jong watch on as Manchester United's Ashley Young and Jonny Evans (right) challenge for the ball in the Premier League match at Eastlands on April 6. Silva, 29, has become one of City's most important players and in light of his exploits it is expected that he will be in the team to face Leicester on Saturday. "We all know the way David is and this is the way he is," said City midfielder Yaya Toure. "It's strange that people are talking about David. It's normal that after an important tournament he will be asked to play. "But for him it's normal.
